Top Attorneys in Texas

THE VOSS ★ LAW FIRM

A PROFESSIONAL CORPORATION
TEXAS TRIAL LAWYERS

When facing the challenges of bringing a claim, there is no more important decision than choosing the right advocate. The successes we achieve for our clients affect their lives for many years to come. That is exactly why it is our honor and privilege to represent our clients during the critical time in their lives. We honor their faith in us by being loyal, trustworthy and determined.

The firm's commitment to clients and referring attorneys is that it will never shy away from hard work. Good trial lawyers realize big cases don't get resolved unless there is a firm trail setting, and trial settings aren't firm unless you make them so. Delay never benefits clients, so the attorneys at The Voss Law Firm work hard to push cases to a jury. Voss' firm is built around skilled practitioners who aggressively handle cases from file to trial. The attorneys at The Voss Law Firm are among the most aggressive and hard working in the profession.

The Voss Reputation: Aggressive, Experienced Litigators

The Voss Law Firm is unique because it handles cases strictly on a contingency-based fee in matters such as high-stakes commercial litigation, including contractual claims, fiduciary duty matters, shareholder or partnership disputes, employment issues and oil and gas litigation.

The Voss Law Firm also handles cases on a contingency-based fee involving bad faith insurance litigation, personal lines insurance disputes, serious personal injury, Jones Act, mass tort and wrongful death. In addition, Voss spends much of his time prosecuting claims for consumer fraud, where investors are taken advantage of by corrupt sales organizations.

The Voss Law Firm works exclusively on a contingency-based fee, with the firm advancing all necessary expenses. **This means clients pay the firm nothing unless the firm is successful in negotiating a settlement or verdict on the client's behalf.** "The bottom line is that at the end of the day we want our clients to acknowledge we have done an excellent job and have ultimately made them whole again, all while moving at light speed," Voss says.

The Voss Law Firm is headquartered in The Woodlands, Texas, with a satellite office in Dallas. The attorneys at The Voss Law Firm aggressively serve their clients with passion and integrity. Mr. Voss, the firm's founding member, has been recognized in numerous national and local publications for his commitment to hard work for his clients.

Professionalism, courtesy, and client service are the firm's most important values. If you need understanding, help, and strong advocacy, The Voss Law Firm, P.C. is the right choice for you.
